### **What three (3) words would you use to describe FMWR?**

Divertsity, Unity, Companionship.

### **What's the best part of your job?**

Other than giving exceptional service to the Army members and their Families, I would say the best part of my job is meeting people from all over the world. Hearing the customers' experiences from working in different countries and their culture is always something that I enjoy and look forward to.

### **What's something about you that would surprise most people?**

Most people are surprised when they find out I was not born here. Like most Army Families, I was born in a different country or state and raised in another. In my case I was born in Arizona, and raised in Puerto Rico.

### **What makes this meal special to you?**

This meal is special to me because it is a meal I grew up eating. Some of my favorite memories growing up is helping my mother cook this meal when I was younger, which made my love for food and cooking grow even more.
